Sandra- as the witness is the same for both Dockets, and because the two are so similar, is there any chance we could roll the second hearing (in 2021-277-C) into the first hearing, or at least have it take place immediately following the conclusion of the first? The ORS is the only other party in 2021-277-C, and they've indicated they won't be taking part (and that they support the application).

The other alternative would be for me to submit a verification for the testimony in 2021-277-C, continue that hearing, and then ask the Commission to consider that application at a subsequent weekly meeting. I think the former is a little more straightforward, if perhaps the hearing could be scheduled to take place at the conclusion of the first one.

Sorry to not have noticed this sooner and brought it to your attention.

Happy Thanksgiving!
